**Event:** On the 26 July 2025 at 18:24 (CET), a wildfire is reported to have affected the area near Kriyoneri, in the outskirts of Athens, Greece. The fire expanded rapidly; residents of Kriyoneri and Drosopigi had to be evacuated, and a 112 cell-broadcasting message was sent for this purpose. Ground forces and aerial means are used for fire suppression, assisted by municipality vehicles and volunteer organizations. Copernicus EMS Rapid Mapping is requested to provide initial rough estimation and fire extent emergency mapping.
